

Our School Library

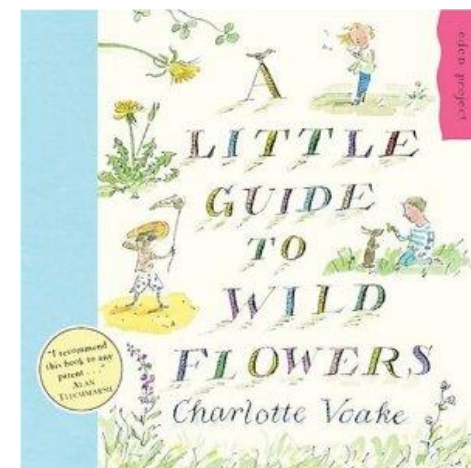

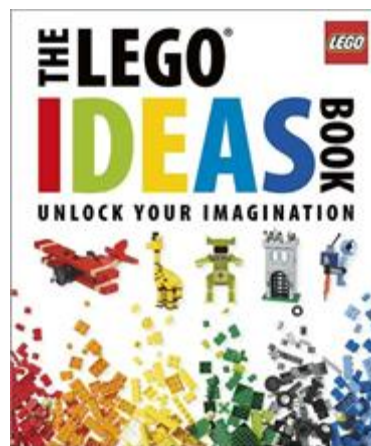

We are fortunate to have a multi-purpose library with lots of fascinating books in it. There is space to sit both in a comfy area with cushions and at a table. There are fiction and non-fiction books, some even in other languages. We also have DVD's and audiobooks.

Children have the opportunity to take a library book home every week if they wish, either to read independently or to have read to them. Children need to return a book before they can take out another but can keep a book for a number of weeks if they are enjoying it.

Pupils on the upstairs corridors also use the library for group reading and other work throughout the week.

We love to keep our book stock as interesting and appealing as possible. If your child has any books which they have enjoyed but outgrown and they are in a very good condition, why not think about donating them to the school library?

Check out the books in our school library. Below are just a few of our Key Stage 2 non-fiction books.

The library day for Key Stage 2 is on a Tuesday, during lunchtime. Six children from Year 5 are library monitors.

Don't forget! If there are any books you cannot see in the library that you would like to read, please let Miss Chapman or Mrs Devaney know. We cannot promise to get a copy for the library but we will look into it.
