

Year 2 Autumn Term

The Scented Garden

As SCIENTISTS we will:

Planting bulbs and seeds in and around the learning environment

Discover what seeds need to germinate and grow into healthy plants

Begin to observe and learn how the local environment changes throughout the year

Experimenting with flowers and seeds

Use senses to investigate what different herbs smell like

In ICT we will be:

Using research skills to support our topic

Create a PowerPoint presentation of the topic

As WRITERS we will be:

Developing our basic skills including full stops and capital letters

Learning about conjunctions, nouns, verbs and adjectives and trying to include them in our writing

Writing recounts and stories

Evaluate our own writing and making corrections

As GEOGRAPHERS and HISTORIANS we will be:

Learning about plants and flowers in the rainforests of Brazil

Make a simple map of our school grounds

In PE we will:

Be improving our throwing and catching skills

Learning how to play games such as bench ball

As ARTISTS and DESIGNERS we will:

Make observational drawings of leaves and flowers

Making sculptures of leaves

Make floral collages

As READERS we will be

exploring :

Traditional tales

Non fiction texts relating to our topics

In RE we will:

Be learning about the Christian Creation Story and what this tells Christians about God

Retell the story of creation

How we look after the world
